

OFFICIAL PROCEEDINGS OF THE PERMIT COMMITTEE- BAYOU LAFOURCHE WATER BOTTOM

June 6, 1962

The Permit Committee- Lafourche Water Bottom, of the Greater Lafourche Port Commission met in Baton Rouge, Louisiana, pursuant to notice to each member.

Members present were:

A. O. Rappelet  
Daize Cheramie  
Felton Galliano

Members absent were:

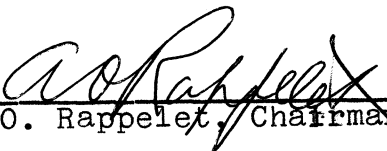

Dudley Bernard

A. O. Rappelet presided as Chairman.

The Permit application of A. Angelette & Sons dated May 22, 1962, came up for consideration and discussion. It was noted that the application was not in proper form, that it did not contain the necessary supplements as required by the Permit Regulations. The unanimous vote of the Committee members present was to reject the application in its present form, to so notify the Applicant, and request that he re-submit his application in the proper form. The committee also requested that the applicant be forwarded a copy of the permit regulations and the enabling statute.

The permit application of Louisiana Construction and Material Company came up for consideration and discussion. The members of the Committee present unanimously approved the application and requested that the applicant be notified accordingly.

There being no further business to come before the Committee the meeting was adjourned.

  
A. O. Rappelet, Chairman

Daize Cheramie, Member  
  
Felton Galliano, Member
