GLPC Executive Director Says Port Operations Continue; Advises Residents to Remain Informed by Monitoring Parish Partners Sites

On behalf of the **Greater Lafourche Port Commission** and its **Board of Commissioners**, I would like to encourage everyone to follow the messaging being generated by our partners at **Lafourche Parish Government** and the **Lafourche Parish Sheriff's Office**.

In times like now, we **ALL** work together, and trust me, these entities are on top of things as they relate to the Coronavirus (**COVID-19**).

We here at the **GLPC** continue to communicate with our **tenants** on a daily basis to make sure they are fully informed about any and **ALL** changes as they occur.

Internally, we continue to monitor the situation and will remain vigilant in our role to assist our Parish as we deal with this current threat.

At this moment, it is business as usual at Port Fourchon with **NO** restrictions on access to and from our Port.

From a public standpoint, we urge residents of our parish to yield to the advice of your parish officials, as they are engaged in daily discussions and updates about this virus.

The biggest ask I have as an Executive Director on behalf of my Board of Commissioners is to use common sense and avoid engaging in rumors that can cause overreactions or panic in our community.

Together, as a unified parish, we will combat this problem in the same way we do any unfortunate circumstance that is thrown our way.

In the meantime, I wish all of us well as we work towards keeping our families healthy and safe moving forward.

Also, please know we will be sharing pertinent information related to our port and parish when those items become available.
