

## **MOORING DOLPHINS PROCEDURES:**

Flotation Canal mooring dolphins are grouped into sets of three (3) dolphins and are 75' apart with 150' of space between the sets.

1. The dolphins are available free of charge on a “first come, first serve” basis for short term docking of manned, motorized vessels. There are no Right of First Refusals on mooring dolphins unless approved by the board.
2. For any use, daily rental, or long-term lease, there is a minimum of 3 dolphins in Flotation Canal.
3. Dolphins are available for rent at a rate of \$75.00 per day per dolphin for unmanned or non-motorized vessels or vessels requesting a preferential berth (paying vessels will have first preference).
  - >Daily rent of \$225 for 3 dolphins in Flotation Canal.
  - >Please contact Harbor Police for daily or short-term rental at (985)396-2750
4. For long-term lease of 6 months or longer, the rate is \$50.00 per day per dolphin. These lease agreements are approved by the Board.
  - >Please contact the Administration Office for long-term lease at (985)632-6701
5. Vessels must be moored channel side only. No mooring to the sides or back of dolphins.
6. All vessels along dolphins must be moored at 2 points.
7. Flotation Canal allowed to have a maximum of 3 vessels wide; **not to exceed 150 ft. outward from the dolphins**. The maximum number of vessels per set of 3 dolphins is 6.
8. Caution should be used when mooring to dolphins. You are responsible for any damages.
9. Must adhere to Port Ordinance No. 71: “An ordinance prohibiting unattended vessels moored in the Port area when hurricane force winds are expected in the Port area within twenty-four (24) hours.”
10. Place Company Logo sign or sticker on long-term leased dolphins.
11. At termination of daily or long term lease, Harbor Police need to inspect the dolphins for any damage and submit to administration a report with company information, photos, and a description of damage.
